

Prayer Confession for The Election

Heavenly Father, we pray for the upcoming elections being held in the United States of America. We pray that Your divine will, purpose and plan be fulfilled as we elect righteous candidates who walk in the truth, are full of integrity, and are committed to obey God rather than men. Bring us back to our nation's foundation, where it was dedicated to the Lord Jesus Christ. We invite You to increase Your government and peace in our land, and we bring every aspect of this nation and our elections under Kingdom of God jurisdiction. We pray that every citizen, candidate and government official be subject to the authority of the Kingdom of God.

Lord, we pray that godly leaders (born again and Spirit-filled) be elected and appointed in this election. We pray that You will guide every voter and give discernment to choose candidates that will exercise sound judgment to preserve and promote righteous policies, and who will overturn policies which destroy that which You value and highly esteem. Help every voter discern between truth and falsehood concerning every candidate. We pray that You will guide voters to elect candidates that will uphold moral values and rule in the fear of the Lord. Father, lead those who are elected to defend the sanctity of marriage between a man and a woman, protect the unborn and denounce the gender self-identification, homosexuality and the sexualization of our children in schools. We pray that those elected will adopt sound economic and foreign policies, will protect our sovereignty and our borders, and will execute justice and judgment to protect our citizens.

We pray that all righteous candidates speak with words of wisdom promoting life, liberty and the pursuit of happiness that none can gainsay nor resist. May all candidates vocalize their policies with honesty and transparency. We pray for all media platforms and journalists to challenge and hold accountable politicians and political parties. You are our true Judge, Lawgiver and King, so deliver us from the deception of those whose values reflect beliefs that call good evil and evil good.

We pray that Christian leaders and influencers will be heard in this election from all mountains of influence, in the twelve swing states and nationally. We pray for angelic reinforcements to stand guard around every mail-in ballot, polling place, voting booth, ballot box and the counting of the ballots to disappoint the devices of the crafty, so their hands cannot perform their enterprise or election fraud.

We plead the blood of Jesus over everything concerning all political parties, candidates and their campaigns, media coverage, debates, voting, and tallying votes. We bind all witchcraft, soothsaying, sorcery, divination, one-world order and the occult. Lord, bring every evil device to nought and destroy all unfruitful works of darkness, in Jesus' Name. During this entire campaign season from now until all votes are tallied and results are verified and published, we loose the power of God for miracles, signs and wonders confirming Your righteous cause.

Thank You for the angels executing Your commandments throughout this election. We decree clear, timely election results that glorify God. We declare that the righteous are in authority and the people are rejoicing. Thank you Lord, that United States of America is one nation under God, indivisible with liberty and justice for all. In Jesus' Name, AMEN!!
